

BowPro+ at a glance

Equipment, ballistics, practice and 3D archery - connected around the setup you actually shoot.

HOME / MAIN AREAS

6 MAIN DESTINATIONS

1

My Gear

Keep bows, sights, arrows and Setups together. Link the sight tape you shoot and mark one Setup Active.

2

Builder

Build and inspect a working setup across Equipment, Environment, Velocity and Tapes. See dynamic spine, F.O.C., weight and estimated speed.

3

Activities

Plan and record your Journey. Use Quickdraw, drills, Journal Notes, 3D Ranges and 3D Range Days - solo or with a squad.

4

Tools

Ballistic Tools use the active gear: Cut Chart, Magic Mark, Shot Window and Arrow Flight.

5

Settings

Choose units, custom components, model and shot-detection preferences, and manage the BowPro+ subscription.

6

About

See app and version information and open the BowPro+ Privacy Policy.
